Silent Auction 2011

by Julie Roe

Kudos to all of you who contributed to another successful silent auction! This year the silent auction earned GLDRA \$1,606.50 and that was without a 50/50 raffle.

Unfortunately, we forgot about the 50/50 raffle, which has usually earned us around another \$300.00. Hopefully, we can encourage our juniors to participate and support this venture at the rides this year. We would be hard put to turn down one of our up and coming competitors. I for one would take the chance on earning my gas money back, so if any of you juniors are interested in taking on this project please contact me.

I cannot thank our ride managers enough for their support. I for one can tell you that ride entries were a hot item this year. I believe that I won the award for the highest contributor but it is all for the cause.

I would also like to extend my appreciation to Katy Burns for her stunningly designed jewelry, which brought us a total of \$145.00, Janet Day for her beautiful hand-made blanket, which brought in another \$95.00 and Meg Andrae for the donation of biothane tack that brought in over \$200.00. Also, a big thanks to each and every member who contributed to the silent auction. We are fortunate to have such talented individuals within our organization.

Thank you to Gene Dake for again doing the reverse auction. There has been some thought put forth that we may want to try do a straight-forward type auction next year. Gene, are you up to the challenge? We are always open to suggestions on how to make our banquet better be it award presentation, auction or entertainment so, please feel free to bring your ideas to any board member.

Stacey Cooper thanks for the memories. Your presentation recognized those outstanding individuals that have come before us and those that are yet to come. Thank you for remembering those that have passed on.

A huge thank you goes out to Kathy Macki who does more than her share for GLDRA and all the jobs she takes on for our organization. With her suggestions this was one of the smoothest running silent auctions we have had. I must also thank my very good friend Sue Herrick who always volunteers for any job without questions. Thank you Bonnie Tobias for the award presentation and assisting Sue in tallying up the totals for the auction at night's end.

Last, but definitely not least, thanks goes out to all the GLDRA members who donated their dollars. Your contributions are what enables GLDRA to present you with quality awards. Thanks again for your support. You all work hard and spend lots of dollars over the year so you deserve to receive the best we can give you for all your efforts.

Cooper's Fashion Corner...

PONCHOS ARE IN??!!

I haven't worn a poncho since middle school, but Jim has me thinking maybe I should catch up with the fashion times. At the 2011 GLDRA Banquet, Jim modeled the latest big rave, ponchos!! He is seen here wearing a colorful, cozy poncho. I wonder if he is wearing anything under it!

Hand Warmers

I used to ride snowmobiles, then I got horses. Snowmobiles are so predictable. They turn left when you turn them, stop when you pull the brake, etc., horses, on the other hand, provide one with more excitement since you can never be too sure what your signal is going to produce. Perhaps a cue to turn left at the next corner will spur a frenzy of spins and attempts to turn right (back to the barn). I have also noticed that the brakes are not as reliable on the equine machine which adds more heart racing excitement. There are definitely more pros for riding horses in the winter months: You do not need a trail sticker, No worries about filling up with gas at \$3.40/gal., horses do not get stuck in snow banks, and your butt stays warm. The only thing snowmobiles have over horses are hand warmers. I think I will invent reins with battery operated hand warmers in them. I'll talk with Chuck next time I see him!

Stacey is pictured here modeling the latest in winter riding apparel. The coat is by Kerrits with a fleece

made by Jeanie under it for added warmth. The snow pants are by Mountain Horse (Christmas gift from mom). Boots are Baffin (purchased for snow mobiling by the model's husband) and keep your feet toasty warm while providing safety in the stirrups. The helmet is Tipperary, a common sight on endurance rider's domes. Under the dome protector is a ski-doo mask

and to protect eyes during snowy days are ski goggles. There is nothing worse than riding a psycho horse and not being able to see! The most important thing about cold weather riding are gloves. These particular gloves are the best tried yet. They were purchased at the Birch Run Outlet (no further information can be remembered about the gloves at this time).

Warm but not bulky. Of course, Under Armour is the bottom layer. The ones being worn in this picture happen to have a "fly" because Stacey's dad gave them to her.

So don't let the cold keep you out of your saddle, just have some fashion sense!

Next Issue; Should Shirts be Tucked into Riding Tights?

Your friendly fashion consultant will give the latest opinion on this fashion statement.

Keep Ridin'! Stacey Cooper

Useful Info for Horse Owners

by Bruce Birr

One of the benefits of our organization being a member of the ELCR (Equestrian Land Conservation Resource) is that they hold periodic group phone calls dealing with topics of interest. I decided to 'attend' one in December, and came away very impressed with an online resource for very useful information to horse owners.

There is a wealth of information online, and to make a long story short, here is a web link to a site (Maryland Dept. of Agriculture) which has a lot of useful info on topics ranging from manure management to pasture management and more. Just go to: http://www.mda.state.md.us/resource_conservation/technical_assistance/how.php

I'm sure there are other states with similarly useful websites. Enjoy!

The Loss of a Legend

by Roseanna & John Clark

Early in March our horse, Matuks Legend+/, suffered an injury in the pasture. He was recovering nicely improving every day. Unfortunately, hampered by his injury, Legend+ had a bad fall a week later and was lost. We wish to thank everyone for your thoughtful cards, emails and phone calls. Your kindness is very much appreciated during this difficult time.

Legend+/ had a brilliant career with GLDRA spanning 20 years. His accomplishments include:

- + Year end Grand Champion five times - 1998, 2000, 2001, 2002, 2003
- + GLDRA Hall of Fame - 2000
- + Carried our Granddaughter Ashton to Rookie of the Year - 2010
- + Merry Legs Award - 2010
- + All time GLDRA high mileage horse completing 8,330 miles under sanctioned competition

Legend+/ also was inducted in the UMERCRA Hall of Fame in 2009 and won year end Grand Champion five times in their organization.

Legend+/ was bred and born at Barb Potter's farm, Masterpiece Arabians in 1985. Following training and successful showing in western pleasure and reining, Legend+/ was purchased by us in 1993. Roseanna immediately began conditioning and training Legend for competitive and endurance trail riding. His record in that part of his life speaks for itself.

Much more than a successful equestrian competitor, Legend+/ was a loved member of our extended family. Over the years many "just for fun trail rides" and trips were taken. On those occasions John had the opportunity to ride many different horses but he always insisted on riding Legend+/ saying "hey Rose you get to ride him all the time, it's my turn!" Also, our niece Rachel, who was GLDRA Rookie of the Year in 2006, and our Granddaughter Ashton both learned how to ride and care for a horse with Legend+/.

Throughout his life Legend+/ lived up to his name. An exciting horse to ride he always was willing to respond to whatever challenge was asked of him, always giving his best. He lives on in our hearts.

New GLDRA Year End Award Proposed... The Legend Cup!

The Awards Banquet in 2012 may feature a new GLDRA year end award. The "Legend+/ Cup" will be awarded to the horse completing the overall highest mileage of the year in sanctioned GLDRA events.

The mileage can be for competitive, endurance, or a combination of both.

The purpose of this award is to recognize the effort it takes to properly condition the horse as well as prepare and execute a season long strategy resulting in attaining the highest number of miles completed during a season in sanctioned GLDRA events. This will be a traveling trophy passed to the subsequent winner each year. The Legend+/ Cup is so named in honor of Matuks Legend+/>.
